

# Paperboard EMEA

## Paperboard solutions tailored to your needs

Our paperboards are designed to deliver reliable performance, standout print quality and visual appeal across a wide range of packaging applications.

Learn more about the wide selection of paperboard grades we offer in Europe.

### Crescendo®

Designed for premium packaging needs, Crescendo has a bright, clean surface that delivers crisp colours. Crescendo is recyclable and available with coating on one or both sides.

**LEARN MORE:** [Crescendo C1S Paper](#) | [Crescendo C2S Paper](#)

### Printkote®

PrintKote with its classic bright-white styling without the use of optical brightening agents (OBAs) offers a recyclable, high-quality solution for a wide range of applications.

A broad selection of extruded coatings further enables innovative and protective paperboard solutions.

**LEARN MORE:** [PrintKote Paperboard Portfolio](#)

### CustomKote®

Our recyclable CustomKote is strong and durable enough to stand up to even the most stressful environments throughout the supply chain.

**LEARN MORE:** [Coated Natural Kraft \(CNK\) Paperboard](#)

### KraftPak™

KraftPak offers a consistent and uniform surface with an attractive natural brown appearance. The paperboard is recyclable and compostable.

**LEARN MORE:** [Uncoated Kraft paper](#) | [KraftPak](#)

### EnShield® Natural Kraft

EnShield Natural Kraft is brown on both sides, provides high\* oil and grease resistance and works well for brands that prefer virgin paperboard and a natural brown colour for to-go containers. The paperboard is recyclable.
